- Gynécologie
- Ophtalmologie
- Pratiques dentaires
- Gastro-entérologie

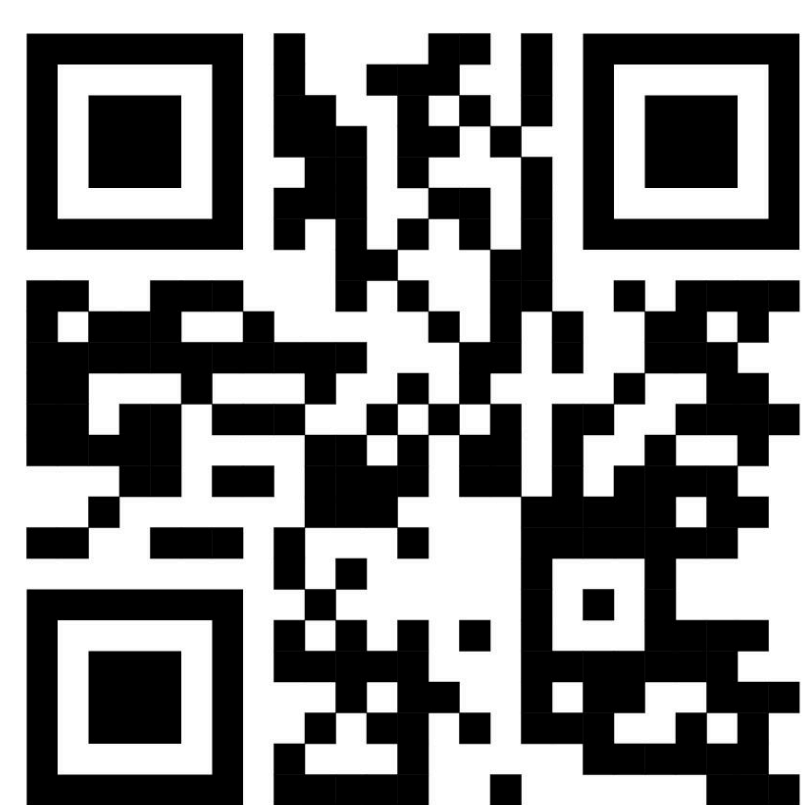

VOTRE SET MÉDICAL IDÉAL - DUXOPACK

Notre service DUXOPACK™ vous permet de créer des sets médicaux entièrement personnalisés, conçus selon vos protocoles, préférences et contraintes opérationnelles. Vous avez le contrôle total sur :

- La sélection des instruments
- La configuration du conditionnement
- Le type de stérilisation
- La fréquence de livraison
- L'étiquetage et la documentation réglementaire

Chaque client bénéficie d'une solution conçue spécifiquement selon ses procédures et contraintes. Un responsable dédié vous accompagne à chaque étape.

1 - Contactez-nous via www.duxomed.ch, par téléphone au +41 (0)21 800 00 77 ou par e-mail info@duxomed.com pour convenir d'un premier échange.

2 - Analyse des besoins et conception du set
Nous collaborons avec vos équipes administratives pour définir les composants, quantités, conditionnements et exigences réglementaires de votre set.

3 - Approvisionnement et assemblage
Grâce à notre réseau, nous nous procurons les dispositifs standards ou spécifiques, avec une traçabilité complète. Les sets sont assemblés en Suisse, sous contrôle qualité strict.

4 - Stérilisation et validation
Si nécessaire, les sets sont stérilisés selon les normes internationales. Nous vous fournissons toute la documentation nécessaire à vos validations internes.

5 - Livraison et réassort
Les sets sont livrés selon votre planning: livraison hebdomadaire, mensuelle ou à la demande. Nous restons flexibles face à vos besoins.

A person wearing a white lab coat and blue nitrile gloves is holding a long-handled surgical instrument, possibly a retractor or a large pair of forceps. The person's hands are positioned in the upper left and center of the frame. The background is a plain white surface. Several other surgical instruments, including various types of scissors and forceps, are scattered on the white surface in the foreground and to the right. The overall scene suggests a medical or surgical setting.
